

## Department of Environmental Protection Temporary Noise Waiver Application

### Applicant Information

Applicant Name: Purple Line Transit Constructors

Address: 8555 16th St, Suite 601 City: Silver Spring Zip Code: 20910

Primary Contact Name: James Jewell

Phone Number: 3013991438 E-mail Address: james.jewell@pltcllc.com

### Noise Source Information

Location of noise source or activity for which the waiver is requested:

4200 East West Highway (MD-410), Chevy Chase, MD 20815

Description of noise source or activity that will create the noise:

24hr Generator will be needed to power a bypass pump to support the existing drainage in the area during proposed drainage installation. Generator will be needed for roughly 3 weeks.

Date(s) and time(s) for which the waiver is requested:

*(for example: 9:00 pm, May 1, 2010 to 7:00 am, May 2, 2010)*

December 2, 2018 Sunday - Saturday, 12am - 12pm

December 23, 2018 Sunday - Saturday, 12am - 12pm

### Justification for Requesting a Temporary Waiver

Why is a Temporary Noise Waiver being requested?

Generator will have to operate 24 hours a day, 7 days a week. This will most likely be over the allowed 65dB overnight. In order to install the proposed drainage in this area, a bypass pump is needed to maintain existing drainage.

How will the public benefit if a Temporary Noise Waiver is issued?

The generator is required to maintain drainage in the Area. This will ensure that no water leaves the site onto East West Highway or adjacent properties. This proposed drainage installation is required for the completion of the Purple Line Project. Once completed, the Purple Line will provide the public 16.2 miles of east-west light rail tracks that will serve the community with 21 stations. This drainage is part of the installation of the trail connection that will be constructed at this location, allowing access to the new Capital Crescent Trail.

If a Temporary Noise Waiver is issued, DEP may set conditions on the applicant. Describe the steps that have been taken or will be taken to reduce the level or duration of the noise for which the waiver is requested:

Should it be necessary, we will mitigate the noise by installing a plywood box around the generator to serve as a noise barrier.
